This tournament called the City Championship is more than just a city championship. It is a qualifier for the APA's International Team Championship (ITC) – to which we will be sending four teams. The ITC is going to be held in August at the Riviera Hotel and Casino in Las Vegas, Nevada. The four winning teams will receive lots of prize money and paid entry into the National Tournament.

If you are one of the lucky winners, you will get more information after the tournament.

Good luck to all, and please acknowledge receipt of this schedule!

PLAY WITH THE BEST

TIME

1. The time allotted for this post-session match is 4 ½ hours. It will be this way for all tri-annual and City Championship matches. You must constantly bear in mind that **slow playing is not allowed in post-session play.**
2. **No more than 20 seconds should elapse between shots** and coaching periods should less than 60 seconds.
3. If your player or coach is warned about slow playing more than once by a referee, he can be penalized by a loss of turn at the ref's discretion.

COACHING

1. Coaching is considered to be giving advice to a teammate during his turn at the table. This includes directions regarding ball selection, aim, speed, English, and position. Other remarks, such as telling a player what category of balls is his, reminding him to chalk up or to mark his pocket, or telling a player when a foul has occurred are not considered coaching.
2. **A time-out is to be 1 minute or less and is over when the coach leaves the player. The coach may not return to the player repeatedly during a single time-out.**
3. Please call a time-out before the start of each coaching period and signal to the other team when the time-out is over. After that signal, the time-out may not be continued, and a second time out may not be called at this time.
4. A shooter may receive advise only from his coach. **Do not allow any member near the shooter or the table unless a timeout is in effect.**
5. Coaches may place the cue ball for a player in a ball in hand situation, but may not mark the playing surface of the table, or guide the shooter's cue. The coach must leave the playing area when the time-out is over and before the shooter attempts the shot. The coach can foul for the player by touching the cue ball to another ball, so please be careful.
6. All conversation with a shooting player must be in English, unless a formal time-out has been declared.
7. The referee should be called upon to watch for potential fouls as the need arises. The referee is not expected to watch all shots at all times, but will be busy watching two tables at once and keeping order in the playing area. The referee's judgments and directions must be observed at all times.
